
CARE OF LINENS

After the worship service any soiled linens should be located on the sanctuary kitchen counter at the far end (toward the altar).

Gather the soiled linens from the kitchen counter and from the altar (if there are any) to be washed and ironed. ¹

Cleaning instructions:

1. Soak wine stained linens in a warm, soapy solution² until stain comes out.
2. Dry linens and iron.
3. Return clean linens to the box on the sanctuary kitchen counter.

¹ There is a wine stain remover bottle in the lower kitchen cabinet that may be used to spray on the wine stains.

² Use Palmolive dish washing detergent, the blue one.
